Bereaved Families of Ontario (BFO) is a non-profit organization offering support services to those who have experienced the death of a loved one. The organization is primarily made up of bereaved volunteers assisting others through the grief journey – we have all been there. We believe that when bereaved families come together to help one another, they can influence the growth of a healing and caring community. We offer one-on-one assistance and peer support groups, a resource lending library and an annual intensive facilitator training program for volunteer support group facilitators. All our programs and services are offered free of charge.

You can help support BFO by participating as a golfer, donating a prize, sponsoring a hole or simply join us for dinner.

Special corporate opportunities are available.
If your business would like a sponsorship opportunity please contact our BFO office by May 13th, 2011.
